

As an international group of companies, we market our system solutions and the corresponding services around the world with a great deal of success.

SOTAX

To strengthen our Service Team across the United Kingdom and the Nordic region, we are looking for a Field Service Engineer based within the Oxford-Swindon-Reading area.

Field Service Engineer | Full Time (100%)

Your Responsibilities

- Perform installation, qualification, maintenance and repair of analytical laboratory instrumentation at customer sites
- Provide technical support and troubleshooting, both remotely and on-site
- Ensure high-quality service delivery and prompt resolution of customer issues
- Act as a trusted partner for customers and promote SOTAX service excellence

Why Join Us?

- Competitive package including **company car**, pension scheme, daily field allowance, laptop and mobile phone
- **25 days annual leave** plus bank holidays and Christmas shutdown
- **High degree of autonomy** with opportunities to develop technical expertise within the pharmaceutical and life sciences industry
- **International exposure**, including collaboration with customers and colleagues across the UK and Nordics

Your Profile

- **Minimum 2 years' experience in a pharmaceutical analytical laboratory environment**, ideally with dissolution and physical testing equipment
- **Strong troubleshooting and problem-solving skills** with a customer-focused mindset
- **Experience working in a cGxP-regulated environment**
- **Based within the Oxford-Swindon-Reading region** and within reasonable travelling distance of Heathrow Airport
- Willingness to travel throughout the UK and Nordic region

Interested?

We look forward to receiving your application by email. Please send your complete application documents, including your salary expectations, to:
